LEARNING SERIES WITH RABBI HERSTIC

Wednesday Evenings at 7:30 pm

Journeys Into Genesis:

An In-Depth Look at the Torah's First Book

In each class we will carefully examine one or two classic questions, issues, or episodes presented in that week's Torah portion.

We will explore these topics with the aid of old and new Torah commentary and, of course, with our own powers of analysis and insight.

If you are interested in deepening your understanding of the stories of Bereishis, as well as familiarizing yourself with the classic methods of Torah interpretation, then this class is definitely for you.
